STATE PENSION LAW ARRAIGNED

By Commander Jewell At U. C. V. Meeting in Pensacola.

WEALTHY MEN ARE ON ROLL

General Says Law Places Men Who Never Smelled Powder on Equal Footing With Those Who Went to Front and Suffered Hardships.

The Pensacola Journal of October 24th says a vigorous arraignment of the new Florida State pension law constituted the conclusion of the annual address yesterday of Major-General William H. Jewell, division commander, before the annual convention of the Florida Division U. C. V. General Jewell criticised the law on two principal grounds—that it permitted men of wealth to pensions they did not need, and that many do so to the prejudice of those who are in actual need of such financial aid, thus opening the pension system of Florida to the same graft evils that have long been a reproach to the Federal pension system; and that the law granted pensions to men who, however admirably they might be as men, were not Confederate soldiers and did not, as home guards or State troops, endure the hardships of the men enlisted in the regular armies of the Confederacy.

Speaking along these lines of thonght, Gen. Jewell said:

Finds Two Very Grave Defects in Pension Law.

"Your commander feels it necessary to refer to the matter of the recent pension law enacted by the Legislature of 1907. As you know, it has brought out some sharp criticisms in the newspapers and otherwise, and it is to be deeply regretted that this criticism has sometimes degenerated into personalities and the motives of some of the most loyal, devoted and unselfish comrades in our organization have been aspersed or questioned.

"So extended has been this criticism of the new law in respect to some of its features, that your commander has felt it his official duty to ask you if it would not be well in the interest of this organization to, at this convention, consider this matter in that spirit of loyalty and fraternity which should govern the deliberations of men who have shared common dangers, made in common great sacrifices and who are now united in this grand organization through a spirit of loyalty to our righteous cause and to promote the common good of its members.

Big and Growing Cost to the Tax Paying Body.

"I have obtained from a reliable source some information regarding pension matters, which I now lay before you. Under the old law there were 3,500 pensioners at an expense to the State of something over $300,000. Up to a week or two ago there had been 2,400 new applications filed under the new law, and more are constantly coming in. Under the usual generous allowance, or average, about ninety per cent of these will be allowed by the pension board. Several hundred of the new applications are already on the pension roll and others being continually added. It is estimated that over one-half of the new applications—about sixty per cent—are from those claiming to have been members of State troops, or home guards. It will require approximately $420,000 to pay off the pension roll up to September 30, 1907. To settle the claims to December 31, 1907, will require about $500,000, and for the next quarter about $600,000 will be needed.

"60 Per Cent of Pension Drawers Men of Wealth."

"I regret to have to say that a careful estimate indicates that over fifty per cent—over one-half of the new applicants—are from those who are considered men of wealth. What will be the effect of this when the fact—if indeed it proves to be a fact—becomes generally known to the public?

"Your commander does not intend to express his personal views as to the merits or demerits of the new pension law, nor to criticise any comrade or other person—members of the State troops or others who, being above the need of a pension, have applied for it. But so far as this matter affects our standing as an organization before the world, it is a duty that we see to it that no harm comes to us as a body or to its members. Your commander feels confident that he voices the sentiment of every loyal Confederate soldier and sailor when he says that not one of them ever asked or ever desired that the dangers and sufferings and the sacrifices he endured in the sixties should or could be in any respect compensated by donations of money.

"Nor does any loyal comrade feel that he would sell or give his consciousness that his sufferings and sacrifices were made voluntarily—unselfishly—with no expectation, no hope and no wish for reward save the reward of a sense of duty faithfully done—for all the wealth the public treasury of this or any other State ever held in its coffers. * * * *

"There is not a comrade among us but believes that every loyal soldier and sailor of the Confederacy—or his widow—to whom a pension would afford comforts which otherwise he or she might not have, should and rightfully ought to avail himself or herself of this provision of the State. Every loyal comrade has earned it a thousand times over by his service in that cause which was the common cause of every State of the South. The pension is not a gift. It is not a reward which partakes of the nature of a gift, nor is it bestowed as a mark of honor, as is sometimes said.

"If it were given only to the Confederate soldiers or sailors—to those men who made immortal the name and fame of the Southern Confederacy—it might be that we could view the pension as a mark of honorable distinction. But as it is bestowed equally upon men who, however brave, however noble in spirit, however willing and loyal to the South and to the State, yet men, the most of whom never saw a battle, nor met a foe face to face in hostile array; men who never marched and starved and fought, month after month and year after year, and in hunger and nakedness and want endured that physical strain from which died more than from wounds or in battle—when the soldiers who suffered all this, who bore the burden and heat of the day, are put upon an equality and in a class with the men who, whatever their virtues otherwise knew nothing, endured nothing, of these hardships, then it seems absurd to say that a pension thus granted to all alike is a badge of honor giving to the recipient distinction above his fellow.

"No one questions the willingness of the members of the State troops to fight and die, if necessary, for the South in those years of war, but he did not do it, and the Confederate soldier did, and if the pension is a badge of honor it is a badge of honor to the men who, comparatively speaking, did nothing and endured nothing in that tragic struggle, as it is to them who endured it all.

"We of the South have for years heaped scorn upon our brethren of the North for what we believe was the graft perfected in the matter of Federal pensions. Shall the finger of scorn be yet pointed at us for similar greed" * * * *

"Your commander has tried to speak impersonally. He has tried to see this matter from the point of view of the welfare of our organization and its members. Take this matter, comrades, if you will, and deal with it in that spirit of unselfish nobility that you so grandly manifested in your career as soldiers, that the world may know that the splendid spirit which enabled you to pluck a triumph even out of defeat and adversity is not dead in your hearts."

AT THE UNIVERSITY.

Interesting Batch of Notes From College for Young Men.

Matters have been active in the organization of societies, etc., at the University for the past few days, and the faculty and students alike are interesting themselves a great deal in all matters of this kind.

It has been decided to publish a college paper during the scholastic year, which will be known as The Florida Pennant, and the following staff has been elected, which is an assurance of success of the journal:

H. A. Folkel, editor-in-chief; James Kirk, associate editor; R. W. Corbett, athletic editor; W. B. Martin, exchange editor; Julius Gammon, literary editor; T. C. Thompson, society editor; A. W. Albertson, local editor; C. M. Fisher, business manager; McTyre Lewis, assistant business manager. As a board of managers, one representative will be taken from each class.

The young men are very enthusiastic over the proposed journal, the first copy of which will appear shortly.

The literary society has elected the following officers for the year: H. A. Folkel, president; W. B. Martin, vice-president; R. D. Rader, secretary; D. S. Bryan, treasurer; P. J. Carter, critic; L. G. Kirk, sergeant-at-arms.

Officers of the University Y. M. C. A. are as follows: R. D. Rader, president; Mr. McMillan, vice-president; W. B. Martin, secretary and treasurer.

There are now three fraternities in the University, being the Alpha Tau Omega, Kappa Alpha and Pi Kappa Alpha.

TELLS HOW TO MIX IT.

Directions to Prepare Simple, Yet Remarkable Home Mixture.

A well-known authority on Rheumatism gives the readers of a large New York daily paper the following valuable, yet simple and harmless prescription, which anyone can easily prepare at home:

Fluid Extract Dandelion, one-half ounce; Compound Karagon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Mix by shaking well in a bottle, and take a teaspoonful after each meal and at bedtime.

He states that the ingredients can be obtained from any good prescription pharmacy at small cost, and being of vegetable extraction, are harmless to take.

This pleasant mixture, if taken regularly for a few days, is said to overcome almost any case of Rheumatism. The pain and swelling, if any, diminishes with each dose, until permanent results are obtained, and without injuring the stomach. While there are many so-called Rheumatism remedies, patent medicines, etc., some of which do give relief, few really give permanent results, and the above will, no doubt, be greatly appreciated by many sufferers here at this time.

Inquiry at the drug stores of this neighborhood elecits the information that these drugs are harmless and can be bought separately, or the druggists here will mix the prescription for our readers if asked to.

Evinston Will Observe Thanksgiving.

Editor The Sun: Please announce through the columns of your valuable paper that the town of Evinston has arranged for a proper observance of Thanksgiving day.

A Thanksgiving sermon will be preached and an appropriate service conducted at 11 a. m. Dinner will be spread at the noon hour, and the afternoon will be spent in a pleasant and becoming manner. A cordial invitation is extended to the people of McIntosh, Micanopy, and all the surrounding country. And a very special invitation is extended to you, Mr. Editor, and to any of your friends who wish to come.

Come, friends, and join with us in giving thanks, and be sure to bring a well-filled basket with you.

Fraternally,

T. L. Z. BARR, P. C.

SEA ISLAND COTTON.

Savannah Market Ruled Firm During the Past Week.

Savannah, Ga., Oct. 26.—The market for Sea Island was very firm early in the week, but became quieter toward the middle of the week as the early demand became satisfied. Some effect was also felt from the financial troubles in the North. There was a little inquiry early for choice and extra choice, but later they were neglected. Quotations are reduced for all grades below fancy on account of the scarcity of that grade in the receipts, which show still no improvement in quality.

There were no new developments on the crop question; some places report a good yield and others very poor, which is especially the case with Florida. The weather for the week was favorable in the main.

The following prices are based on factors' quotations:

THE NEWS FROM HIGH SPRINGS

Death of W. H. Dixson—Railroad Shops Closed—Notes.

High Springs, Oct. 26.—Mr. and Mrs. J. C. Cowles have returned home, after a pleasant visit to Eatonton, Atlanta and other points in Georgia.

Mrs. A. L. Moore was called to Jacksonville yesterday by the sudden death of her brother, Mr. W. H. Dixson, which occurred the night before. He was at Eagle Hall attending a session of Duval Lodge No. 257, International Association of Machinists, of which he was secretary, when death came from heart failure. Mr. Dixson was an old High Springs boy, having been reared here, and there is much sorrow felt here over his untimely death.

The locomotive department of the Atlantic Coast Line shops at this place closed yesterday, throwing about one hundred men out of employment. They will open again on November 1. A shortage in the appropriation for expenses is the cause.

MELROSE NEWS NOTES.

Melrose, Oct. 26.—Newly arrived at the Huffman House are Mr. and Mrs. B. A. Chamberlain and three children of Yonkers, N. Y. Other arrivals are Mrs. and Mrs. N. Orr, Mrs. Trendwell and Mr. and Mrs. H. W. Hamlin, all of Hohokus, N. J.

Mrs. J. M. Barnett has returned from her trip to North Carolina and Georgia.

Capt. D. E. Maxwell of the S. A. L. is having a cottage built on his fine orange grove on the shores of Lake Santa Fe, which he will use as a winter home.

C. P. Huffman will be absent from town all next week, having been sworn on the jury at Green Cove Springs.

Rev. F. S. Hyatt will hold services at Trinity church next Sunday evening, October 27th.

W. H. Lee expects to begin at an early date with the building of a large boat house for the new motor launch of L. M. Pearsall, which is now on her way here.

EDUCATIONAL RALLY.

Central Association Will Hold Big Meeting at [illegible] Springs.

The Sun has been requested to announce that the educational rally of the Central Association of the Baptist church will be held with Sardis church, Worthington Springs, on the evening of November 3, beginning at 7 o'clock.

H. B. Robertson, D. D., of Columbia College, Lake City, will lead the rally, and a generally successful and beneficial meeting is anticipated.

CALM AFTER STORM

Financial Market Has Escaped Danger of a Panic.

RELIEF MEASURES TAKEN

A Pool, Headed by Morgan, Mass[illegible] $25,000,000, Which It Is Believed Has Given Permanent Relief to the Money Market.

New York, Oct. 26.—A [illegible]er tone was apparent in [illegible]cies Friday morning. The [illegible] the relief measures undertaken [illegible] Pierpont Morgan, John D. Rockefeller and other prominent financiers, together with the serenity with which the officials of the Trust Company of America met the run of depositors on that institution gave great encouragement to bankers and business men generally that no further trouble was to be feared. The $25,000,000 [illegible] up by a pool headed by Mr. Morgan, which was sent into the stock market Thursday afternoon is believed to have given permanent relief to the brokers who were needing funds with which to carry the stocks bought and held on margins for their customers.

Thursday night passed without any of the series of conferences of bankers with each other and with Secretary Cortelyou, which were held into late hours on Tuesday and Wednesday nights except for an informal meeting at Mr. Morgan's home. Secretary Cortelyou attended the dinner of the graduate club of which he is vice president and made an address in which after discussing at some length the objects of the club and its affairs, he made a brief reference to financial matters. The secretary said:

Coltelyou Talks of Situation.

"We are having a trying experience but with all its embarrassments I find my faith in the general stability of business strengthened by the examples I have seen of both courage and splendid devotion to public welfare shown by many men of great influence in the commercial and industrial life of this city. Weak places have been fortified; but what is better, those of bad influence have been scourged from their positions and the determination to carry this work forward will have a far-reaching influence in restoring public confidence.

There were lines of depositors waiting Friday morning in front of the Trust Company of America and at the banking office of The Lincoln Trust Company up town.

Woman Headed Line.

Some of those in line at the Trust Company of America had been there all night. At the head of the line was a woman who declined to leave her place even when the men ahead of the line promised to restore it to her in the morning. She suffered considerably from the cold night air and several of the men, touched by her plight, went to a nearby restaurant at 3 o'clock in the morning and got some bread and coffee for her.

First advices from London [illegible] were very encouraging. [illegible] stocks there opened at prices [illegible] to 4 points higher.

GRABBED $9,000.

Philadelphia, Pa., Oct. 24—[illegible] walked into the subtreasury [illegible] Friday morning, grabbed $9,000 [illegible] was being paid out to a bailiff [illegible] teller and started to run [illegible] building.

Clerks and others gave chase [illegible] two men were so hotly pursued that they threw their money into a street car. Both men were arrested and are now in the city jail. One of them carried a revolver. The money was in bank notes and was recovered.

Shot Himself with a Rifle.

Reynolds, Ga., Oct. 26.—[illegible] and a prosperous farmer [illegible] years of age, residing 4 miles [illegible] Reynolds, committed suicide [illegible] day by shooting himself with [illegible] rifle. He had been in bad health for some time, which is supposed to have been the cause of his rash act.

GEOLOGICAL SURVEY IS TO BE MADE

Work on This Important Movement to Begin Immediately.

PROFESSOR CLAPP IS HERE

Will Make Gainesville Headquarters, and Alachua County Will Receive First Attention—Efforts of Congressman Clark Will Bear Fruit.

Hon. Frank Clark, Congressman the Second District, largely through the influence of whom an order was passed for a geological survey of Florida, has received the following letter from H. C. Rizer, acting director of the United States Geological Survey at Washington, relative to the matter, which is evidence that the work will be taken up immediately and pushed uninterruptedly through to completion:

"Washington, D. C., Oct. 22, 1907.

"Hon. Frank Clark, Gainesville, Fla.

"Sir—I am pleased to inform you that a representative of the Geological Survey has just left Washington for Gainesville, Florida, for the purpose of beginning an investigation of the ground waters of that State. He will shortly be joined by another member of the survey, and these two, together with the State Geologist of Florida, expect to finish the entire State during the next five or six months.

"Gainesville will be the headquarters for all this work, and Alachua county will receive immediate attention. Very respectfully,

"H. C. RIZER, Acting Director."

The above will be gratifying information to the people of Florida, especially this section, as the investigation will mean a great deal in the matter of enlightening the public. This section of the State, especially Alachua county, is of a most peculiar formation, which has baffled the public for centuries. The presence of numbers of sinks in the vicinity of Gainesville, prominent among which are those known as the Devil's Millhopper and Alachua Sink, is due to the crest formation of the earth and underground streams. It was with a view of having these causes investigated that Congressman Clark advocated this survey.

Prof. E. G. Clapp of the Director's office arrived in the city Thursday as a representative of the survey, and will begin this important work at once. As stated in the letter, he will have an assistant, both of whom will work in co-operation with the State geologist.

Gainesville will be the headquarters of the party, and it is expected that about six months will be required to complete the survey.

THE CITY COUNCIL.

Three Ordinances Passed at Adjourned Session Wednesday Afternoon.

The City Council held an adjourned meeting Wednesday afternoon, at which Chairman Broome and Aldermen Cannon and Vidal were present.

This meeting was called for the purpose of finishing upon and passing three ordinances, which was done with dispatch, the meeting lasting only a short time.

Ordinance No. 145, providing for the issuance of special assessment city certificates, was passed upon its third and final reading.

The ordinance providing that bull dogs running at large upon the streets must be muzzled, and providing a penalty for the failure of owners of dogs of this breed to comply with the same, was read the third time and passed.

Ordinance No. 147, an ordinance providing for the issuance of special assessment city certificates on Mechanic and Church streets, was passed.

Superintendent H. F. Miller of the water works plant was instructed to lay the necessary piping to water the center grass plat on East Main street at a cost not to exceed $150, after which the Council adjourned.

THE PERFECT WAY

Scores of Florida Citizens Have Learned It.

If you suffer from backache, there is only one way to cure it.

The perfect way is to cure the kidneys.

A bad back means sick kidneys.

Neglect it, urinary troubles follow.

Doan's Kidney Pills are made for kidneys only.

S. B. Lemons, cigar maker, living at 1311 Ashlet street, Tampa, Fla., says: "I used Doan's Kidney Pills and they cured me of backache and disorder of the kidneys. Two or three times on account of the pain in my back I was unable to work for several days. The secretions of the kidneys were in a very bad condition, dark in color, and if allowed to stand would become of the consistency of jelly. I tried various remedies, taking what seemed like gallons of medicine and I also put on plasters, but nothing helped me at all until I got Doan's Kidney Pills upon the advice of a friend of mine, and using them according to directions they cured me in a very short time.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

SMITH—BLACK.

Marriage of Two Well-Known and Popular Young People at Live Oak.

An interesting wedding was solemnized at the home of the bride's parents, Mr. and Mrs. R. B. Black, Live Oak, on Wednesday morning at 10 o'clock, the contracting parties being Furman Y. Smith of Alachua and Miss Natalyne Black.

The groonr is a well-known young attorney of Alachua, and has many friends throughout this section of the State. The bride is also well known and popular, being a sister of Lucas Black, formerly of Hague but now residing at Highland, where he is engaged in the naval stores business.

Mr. and Mrs. Smith will make their home in Alachua, and their numerous friends extend best wishes for a long and happy married life.

Death of Geo. W. Hawthorn.

The sad information of the death of George W. Hawthorn, which occurred at his home in Hawthorn on Wednesday, was received here Friday.

Deceased was about sixty years of age. He was a native of Georgia, it is understood, but has resided in Hawthorn a greater part of his life, having moved to that section when a mere lad. The town was named after his father, who was one of the first settlers of that immediate section.

Deceased was one of the most widely known men of that section, and was liked by all, being especially admired for his generous open-hearted disposition. He was a member of the Baptist Church.

Deceased is survived by a wife and one daughter, to whom the sympathy of the community is extended.

The funeral was held Thursday, and was largely attended, friends for several miles coming to pay their last respects to the deceased.

Mr. Hawthorn was tax assessor of Alachua county for two years, being appointed to the office in 1881 on recommendation of the Democratic voters.

How to Cure a Cold.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by all druggists.

Off to the Mines.

Deputy Sheriff Walker left Friday with John Pennington, colored, who was convicted in Justice Henderson's court at Newberry upon a charge of larceny and sentenced to three months in the "gang."

The negro was taken to Ocala, where he was turned over to S. A. Rawls & Co., lessees of convicts.

They Make You Feel Good.

The pleasant purgative effect experienced by all who use Chamberlain's Stomach and Liver Tablets, and the healthy condition of the body and mind which they create makes one feel joyful. Price, 25 cents. Samples free at all drug stores.

LICENSE TAXES.

Collector Dickinson Gives Some Interesting Figures on This Line.

County Tax Collector W. D. Dickinson, who is always alert to his official duties, furnishes some interesting matter along the line of the issue of license taxes for the years 1907 and 1908.

The first fourteen days of the present month there were issued 233 licenses. The State's proportion of money collected amounted to $1,627.50, while the county received $864.74, making the total collection of $2,492.24.

The entire issue of last year was 634 licenses, which shows one or two things—either a large number engaged in various occupations have not taken out a license for the present period, or there has been a remarkable decrease in the number of businesses and professions in the county.

"I will make my official license report on November 12," remarked Collector Dickinson in speaking of the matter, "and all who are liable for a license should attend to this matter at once, as I feel sure they will not appreciate seeing their names on the delinquent list, which certainly will be the case if they continue to delay.

"And now, a word in reference to the 1907 taxes," continued the Collector. "I am now ready to issue receipts for the year's tax. All money paid on property tax of 1907 up to December 1 will be given a discount of two per cent. That paid during the month of December will be subject to one per cent discount."

W. M. Smith of Archer had the honor of getting receipt No. 1 for property, while the honor of the first poll tax belongs to W. W. Harper of Newberry.

WORSE THAN ONIONS.

Bad Breath From Indigestion Cannot Be Overcome With Perfumes.

All of us suffer from bad breath—sometimes our own, but oftener that of our friends.

Nine-tenths of this bad breath comes from some stomach trouble, and cannot be overcome by breath perfumes or any other palliative measures.

If you occasionally have a bad breath; if there is heart-burn, flatulence and acid gulpings of undigested food; if the stomach burns or smarts; if there is sleeplessness, nervousness, headaches or any other of the many symptoms of indigestion, use Mi-o-na stomach tablets and get well.

Mi-o-na is not a mere digestive nor a physic, but a tonic remedy that strengthens the muscles of the stomach and bowels so that the flow of gastric juices is increased, and the food is digested naturally and does not stay in the stomach to ferment and poison the breath.

J. W. McCollum & Co. have seen so many cures made by Mi-o-na stomach tablets that they give a guarantee with every 50-cent box that the money will be refunded if the remedy fails to give satisfaction. They take the whole risk, and a box of Mi-o-na will not cost you a penny unless it cures.

GOOD BLOOD

NATURE'S PROTECTION AGAINST DISEASE

The preservation of health and prevention against disease is almost entirely dependent upon pure, healthy blood; every organ, tissue, nerve and sinew of the body draws on this vital fluid for nourishment and support. Poisons, humors and germs from various sources often get into the blood and then this great life-stream becomes a source of infection and disease instead of a nourishing, health-sustaining fluid. Heredity is likewise an important factor, regulating the quality of the blood. Some persons are born with tainted blood from diseased ancestry, and Scrofula in one of its many forms is sure to crop out some time in life. Not only poisons in the blood are responsible for disease, but when the circulation is run down and becomes poor and weak in quality, then we see the effect in a general bad condition of health, such as weakness, sallow complexions, boils, and various skin eruptions. All blood troubles require a tonic and blood purifier, and no other equals S. S. S. It goes down to the very foundation of the trouble, and removes every particle of the poison or impurity from the blood. And not only does S. S. S. antidote the poisons, humors and germs, but it possesses health-giving, tonic properties which build up and strengthen weak, impoverished blood, and fortifies the system against disease. S. S. S. permanently cures Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Eczema, Tetter, and all other skin diseases and disorders. Book on the blood and any medical advice free.

A FALLING LIMB CAUSED HIS DEATH

Wm. M. Baldree of Otter Creek Victim of a Peculiar Accident.

A LIMB CRUSHED HIS SKULL

Was a Woodman for Otter Creek Lumber Company, and a Man Well Known and Well Liked by All—Survived by Wife and Ten Children.

William M. Baldree, a well-known and highly respected citizen of Otter Creek, was the victim of an accident Wednesday which cost the unfortunate man his life, having died forty minutes after his skull was crushed by a falling limb.

Mr. Baldree was for several years associated with Hon. W. H. Anderson of Bronson in the naval stores business, but for the past two years has been in the employ of the Otter Creek Lumber Company as a woodsman. It was in the faithful discharge of his duty Wednesday that he lost his life.

From the information which could be secured, it was learned that Mr. Baldree was riding through the forest, passing under an immense tree which workmen were engaged in felling. A limb crashed down, striking the unfortunate man on the head and fracturing his skull, shortly after which the end came, despite the fact that everything possible was done to save him.

Deceased was about forty years of age, and a native of Georgia. He has been in Levy county for many years, however, where he has reared a devoted family. He is survived by a wife and ten children, to whom the sympathy of all is extended.

The remains were brought to this city and turned over to the Thomas Undertaking Company, and on Thursday were shipped to Homerville, Ga., his former home, for interment.

Inspected the Road.

John G. Dampier of Hague, chairman of the Board of County Commissioners, was in the city on official business Wednesday, having come to accompany Commissioner Pedrick on a road inspection trip.

Messrs. Dampier, Pedrick, J. D. Stringfellow and Supervisor J. R. Emerson took a trip over the route of the new proposed Newberry road, spending the greater part of the day. They found an abundance of clay along the route, and Commissioner Dampier appeared well pleased with the inspection.

Quinsy, Sprains and Swellings Cured.

"In November, 1901, I caught cold and had the quinsy. My throat was swollen so I could hardly breathe. I applied Chamberlain's Pain Balm and it gave me relief in a short time. In two days I was all right," says Mrs. L. Cousins, Otterburn, Mich. Chamberlain's Pain Balm is a liniment and is especially valued for sprains and swellings. For sale by all druggists.

For the Children

To succeed these days you must have plenty of grit, courage, strength. How is it with the children? Are they thin, pale, delicate? Do not forget Ayer's Sarsaparilla. You know it makes the blood pure and rich, and builds up the general health in every way.

The children cannot possibly have good health unless the bowels are in proper condition. Correct any constipation by giving small laxative doses of Ayer's Pills. All vegetable, sugar coated.

COUNTY ROAD WORK.

Four Mules Have Been Added to Force—Work Progressing Finely.

The Board of County Commissioners have purchased four additional mules for county road work, which now gives the county eight teams. These mules were purchased Wednesday through Hunter & Oliver, and were immediately placed in commission on the road to Newberry, now in course of construction.

Supervisor Jesse R. Emerson, with a good force of men, began claying the road Wednesday, and will push the work as rapidly as possible. The force is fortunate in having all the material desired near at hand, hence the haul will be a short one all along the route, with one exception, when the clay must be hauled nearly half a mile.

Supervisor Emerson is very enthusiastic over his work on this road. Being an energetic kind of a fellow, he is ambitious to build as much road as possible in a day, and the material being in abundance and so near the proposed route, on either side, he feels sure he will break the record for distance.

The road leading to and past Spring Park Farm, known as the Bennington road, has recently been worked over by a force under the direction of Supervisor J. B. Sheffield, and is now in first-class condition, according to the statement of Commissioner C. C. Pedrick. This road, which traverses in some instances a very hilly country, was badly washed, and those who have occasion to use the road appreciate the work of Commissioner Pedrick on the thoroughfare.

AGENT RUSH'S REPORT.

Special Cotton Agent Forwarded Report to Government Thursday.

Benjamin Rush, special cotton agent of the United States Government, who is one of the most thoroughly posted men on the staple in Florida, has been busily engaged for the past few days making out his report for this district, the report embodying the condition of crop, etc., to October 18.

Mr. Rush has for years acted in the capacity of special cotton agent for this district, and as a consequence is thoroughly familiar with the duties of that responsible position. His reports are always accurate, as he devotes a great deal of time to securing data and other information.

Under instructions from the Government, Mr. Rush is not permitted to disclose any information for publication, however well he would be pleased to do so. A conservative estimate, however, by old experienced growers who ought to be in a position to know, is to the effect that there is not a difference of more than twenty bales this year, compared with the same date last season, notwithstanding that reports have been circulated to the effect that the crop would fall about one-third short.

That Tired Feeling.

If you are languid, depressed, incapable for work it indicates that your liver is out of order. Herbine will assist nature to throw off headaches, rheumatism and ailments akin to nervousness and restore the energies and vitality of sound and perfect health. J. J. Hubbard, Temple, Texas, writes, "I have used Herbine for the past two years. It has done me more good than all the doctors. It is the best medicine ever made for chills and fever." 50c. Sold by W. M. K. OF P. ROLL CALL.

One of the Most Enjoyable and Successful Meetings Ever Held Here.

One of the largest and most enthusiastic meetings of the Knights of Pythias ever held here was that of Tuesday night, when about fifty members of the order reported for roll-call, being the annual session of the order for this purpose.

There were present not only members of the lodge from the city, but Knights from everywhere within a radius of fifteen or twenty miles came to attend this meeting.

After the regular lodge meeting, oysters in all styles and other good things to eat were served and much enjoyed. M. B. Saunders was in direct charge of the refreshment department, which was the best evidence that everything was all right and served in the best of style.

There were several interesting talks. Robert McClellan was the toastmaster, and responses to his remarks were made by Col. Thos. Fielding, S. A. Ledbetter, J. A. Robertson, Dr. J. H. Hodges, R. T. Schafer, Dr. J. H. Colson, Chas. A. Faircloth, J. M. Flewellen, Rev. S. B. Rogers and others.

In all, the evening was one most pleasantly enjoyed, and those in attendance appreciated the occasion.

The committee on entertainment comprised Dr. J. H. Colson, R. T. Schafer and N. R. Carter.

A Certain Cure for Croup—Used for Ten Years Without a Failure.

Mr. W. C. Bott, a Star City, Ind., hardware merchant, is enthusiastic in his praise of Chamberlain's Cough Remedy. His children have all been subject to croup and he has used this remedy for the past ten years, and though they much feared the croup, his wife and he always felt safe upon retiring when a bottle of Chamberlain's Cough Remedy was in the house. His oldest child was subject to severe attacks of croup, but this remedy never failed to effect a speedy cure. He has recommended it to friends and neighbors and all who have used it say that it is unequaled for croup and whooping cough. For sale by all druggists.

A Delightful Surprise.

Upon the occasion of his birthday, friends of W. B. Crown of Rocky Point, which included virtually every resident of that thriving burg, tendered him a delightful surprise party Tuesday evening, which it is needless to add was appreciated.

The "intruders" marched down upon the quiet Crown home without warning, taking them by complete surprise. Mr. Crown and his good wife were equal to the occasion, however, and entertained their guests with that hospitality for which they are well known.

The evening was passed in a most enjoyable manner, during which delicious refreshments were served.

WEATHER FORECASTS TO COME DAILY

Will be Announced Over Telephone to Growers of Section.

CONGRESSMAN CLARK'S ENERGY

Realizing the Importance of These Reports Promptly to Growers, Congressman From the Second Got Busy With Desirable Result.

Several days ago Hon. Frank Clark, Congressman from the Second District, took up the matter of having reports of the weather forecast for this section of the country delivered promptly, and wrote Director A. J. Mitchell, who has charge of the weather bureau at Jacksonville, in the matter, stating to Director Mitchell that it was a matter of the gravest importance that the people of this section, especially the growers of vegetables, receive the forecast promptly.

In reply to Congressman Clark, Director Mitchell wrote the following:

"Referring to the matter of distributing the forecast from Gainesville over the 'phone line, I beg to ask if the manager there shows any disposition to distribute the report over his line? Now this is a very important matter to your section—particularly during the frost season. Owing to the R. F. D. service which has been recently established, the following offices no longer receive the daily forecast, because the carrier leaves Gainesville before the forecast can reach him. The carrier leaves at 8 a. m. and we cannot get the forecast to Gainesville, as a rule, before 10 a. m., sometimes 11 a. m., owing to condition of telegraph lines.

"The following offices have been discontinued, and no longer receive the forecast mailed from Gainesville center: Central, Clyatt, Kanapaha, Kirkwood, Palmer, Tacoma, Wacahoota. The list will soon increase so soon as the R. F. D. service is established.

"Now, I think the telephone operates service to all those points, and if they would do so, or found it to their interest to do so, the offices mentioned could have the weather forecast sent to them daily—received at their homes. If they have no 'phone they could arrange to have one put in.

"R. F. D. service results in discontinuing the forecast, unless the service is maintained through telephonic connection."

Col. Clark, still desirous of accomplishing the effect to give the growers the advantage of a daily report, took the matter up with the Southern Bell Telephone Company in Savannah, urging to the management of the Southern Bell the mutual importance of both that system and the grower to have the forecast submitted daily. His efforts have apparently borne fruit, for, under date of October 24, David Laird, superintendent of the Southern Bell, writes as follows:

"Referring to your letter of recent date, beg to advise that I am issuing instructions to our managers at Gainesville and Micanopy, that when weather report is furnished them each day they will transmit the same by telephone to the various suburban subscribers.

"Of course you understand that we cannot undertake to furnish these reports to town subscribers on individual lines, but in case of the rural party lines, by using a general alarm ring to attract all of the subscribers to the line at one time, we can furnish this information without taking up a great deal of our operator's time."

As will be noted from the above letters, it will be seen that the growers of this section will now receive forecasts daily at their homes by telephone, which will prove a big advantage, and in some instances probably in the saving of thousands of dollars to the truckers of Alachua county who can be reached by 'phone.

In most cases consumption results from a neglected or improperly treated cold. Foley's Honey and Tar cures the most obstinate coughs and prevents serious results. It costs you no more than the unknown preparations and you should insist upon having the genuine in the yellow package. J. W. McCollum & Co.

UNIVERSITY BOYS WERE THE WINNERS

Scored a Victory Over Columbia Team by Score of 6 to 0.

UNIVERSITY BOYS ARE JUBILANT

Parade the Streets Saturday Night With Horns and Bells, Giving the College Yell—Young Ladies Joined in the Merriment.

While no information of the particulars of the game were received here Saturday night, a wire came to the effect that, in the football game between the University team and the Columbia team of Savannah, the University won by a score of 6 to 0.

This was the signal for a demonstration by the University boys, who paraded the streets with horns, bugles, cow-bells and every other conceivable thing they could get their hands on to make a noise—and they made it to a Queen's taste.

Many young ladies were also so full of enthusiasm that they joined in the merriment, dangling the cow-bells also. In all, it was a jolly and enthusiastic crowd, and everybody was happy.

Columbia team is said to be one of the strongest in Georgia, and the victory was quite an honor to the Florida boys, who weigh upon an average several pounds lighter than their opponents.

Mr. Blake Improving.

Friends of G. W. Blake, who had the misfortune to lose the first joint of the thumb of the right hand while engaged with some machinery at the Gordon ginnery Wednesday, will be pleased at the information that the patient is getting along nicely. Naturally the loss of a portion of the thumb has caused him considerable pain and annoyance, but he will be all right in a short time.

Mr. Blake, who is possessed of a most cheerful disposition, says there is a moral to this "slight" catastrophe, and that is "Don't monkey around too much."

Query: How does the Board of Public Works figure out 146.1 feet of sidewalk against a property line of 887 1/2 feet? Probably a few more surveyors will increase the length of the sidewalk along this property to that of the Great Eastern.

It is cleaning-up time in Florida and our State exchanges all note that the work is being done thoroughly. The same can be said of Gainesville, but the work should be confined to the public square and a few adjacent blocks. Property owners in other sections also pay taxes.

It is to be hoped that the Board of Public Works will be able to render bills for sidewalks within the time limit. As many as three bills have been rendered property owners for sidewalks and reconstructed on East Liberty and Alachua avenue, neither bill for the same amount, the sidewalks had not grown in width.

Bryan declines to be drawn into controversy over the comparative merits of navy and army men, says there is no practical way of comparing the two classes of service unless some army officer can hitch a mule team to one of the sea-coast guns and shoot it while galloping across the field at 10 knots an hour. This would look like a joke, but it is about the nearest approach the army could make to naval gunnery conditions.

FLORIDA'S RESOURCES.

Hon. A. P. Jordan, the versatile editor of The Punta Gorda Herald, truthfully discusses as follows regarding the resources of sunny Florida:

"Many people abroad have little idea of the extent and variety of Florida's resources. In number they exceed those of any other State of the Republic and offer to everyone an occupation suited to his choice. A full description of all of them is beyond the limits of this paper, but a cursory mention of the leading ones may prove interesting to people outside the State.

"Take the business of ordinary farming: nearly every crop produced in other States is profitably grown in Florida. Our long staple cotton is selling for upwards of 30c a pound, the highest price it has brought in thirty years, which represents a return of thirty to forty dollars an acre. Sugar cane and sweet potatoes, which flourish anywhere from the northern and western boundaries to Key West and are the easiest crops on earth to raise, yield crops that pay at the rate of $100 to $300 per acre. Corn, oats, hay and a great variety of grasses and plants are easily grown.

"In the variety of fruits and vegetables grown we probably surpass any other State. With the exception of apples, we produce nearly every fruit that is grown north of us, and in addition to these, we have oranges, pineapples and a host of other tropical and semi-tropical fruits, all of which pay handsome returns. Fortunes are made in growing strawberries, celery, Irish potatoes and other vegetables.

"In phosphates and naval stores we are ahead of any other section of the earth, as also in fish and oysters, which abound along 1,200 miles of coast. Punta Gorda alone ships over 6,500,000 pounds of fish in nine months of every year.

"Our cattle feed upon a thousand hills and prairies and flourish without any attention, without being fed, watered or housed at any time of the year.

"We have the biggest kaolin beds hitherto discovered in the world and the material makes china as fine as any imported from Germany. Various other valuable minerals are found in paying quantities.

"Our forests contain a great variety of timber, much of which makes beautiful finishing woods, the curly pine in particular not being duplicated anywhere else. The wild cherry grows to great size and is valuable for many purposes. Cedar, red bay and cypress also abound and offer opportunities for profitable investment.

"The woods are full of plants in which wealth lies undeveloped.

"The palmetto berry is already enriching some enterprising citizens, while here in the South we have vast acres of wild pennyroyal awaiting the magic touch to turn them into money. All over this region, too, is the wild comptie plant, which is rich in starch, and the vanilla plant redolent of commercial fragrance and profit.

"It would require, however, a good-size book to enumerate in detail all the blessings which God has bestowed upon Florida and which need only the hand of intelligent industry to convert them into wealth. Those who doubt our claim to this legion of resources have only to visit the State Fair in Tampa next February to have their doubts removed.

"Add to all this a climate which permits a man to work out of doors every day in the year, to sleep comfortably every night, and crown it with the fact proved by indisputable statistics that Florida is the healthiest State of the Republic, and one will wonder why people who are informed of these wonderful advantages do not flock by thousands into this State and make it in a few years the wealthiest and most populous of all."

"TRIBUTE TO WHOM TRIBUTE."

[Florida School Reporter.]

Without doubt, and without any disparagement to the other counties of the State, it may be truthfully asserted that Alachua is not only educationally—as well as in some other regards, perhaps—the leading county in the State, but under the wise and careful management of one of the most able county superintendents and school boards Florida affords its school system is growing more rapidly, perhaps, than is that of any other county.

The school board, composed of Hon. R. B. Weeks—familiarly and affectionately known all over the county as "Uncle Bob"—Hon. J. F. Futch and Hon. H. B. Brooker, is as strong and capable a board as can be found in Florida. While careful, conscientious and conservative, they are liberal, broad-minded and progressive; and both in their official capacity and as private citizens they take great interest in all that pertains to the educational and moral uplift of the county. It would have been impossible, perhaps, to have selected from the whole county three men more perfectly suited to the needs of the hour.

Chairman Weeks has been a member of the board for many, many years, and has come to look upon the system pretty much as a doting father regards a son he has watched grow up to noble manhood under his loving care and training.

The county builded better than it knew when it placed Dr. J. L. Kelley—for years an active member of the school board—in the office of county superintendent. For once the man and the need met. When in 1903 he was appointed a member of the board he found the school board some $80,000 in debt. By his careful management, his constant watchfulness and his great ability as a financier, he has in the three years of his administration brought the debt down to about $10,000, and at the same time has both lengthened the school term and increased the salaries of teachers. Under his management there has been, too, equally as great an improvement in the teaching force and in the school work itself, as in the finances. He now has a corps of teachers of which any county superintendent might well be proud.

A most excellent business man, an able financier, energetic, tireless, and zealous in the cause of education, he is simply a model county superintendent. For three years he has labored literally day and night to put the school board on its feet financially, and to systematize, organize and put life and spirit into the system. He has had the satisfaction of seeing his purpose largely accomplished, and Alachua county owes him a great debt of gratitude she will never be able fully to discharge.

We have written the above because we believe that when men labor as have Dr. Kelley and his board so tirelessly and unselfishly for the public good, some public notice should be taken of it, not only as a tribute justly owed to their worth and work, but as an incentive to others to go "and do likewise." We speak from personal knowledge. We have been constantly on the ground, and have watched their work with great interest and admiration. We are not seeking to curry anyone's favor. We could have no motive for writing this except to give to some good public servants what is justly due them; for when these lines meet their eyes, the writer will no longer be connected with them other than by ties of friendship, gratitude and pleasant memories.

Wanted—Hardwood Timber.

The Brown-Jenings Hardwood Company of Lake Butler, Florida, are in the market for large quantities of hickory, white oak and ash timber.

They offer to buy it either in the log or sawed into plank. Now that the price of pine is off, this is an opportunity for sawmills to work on lumber in which there is a profit, as they offer fancy prices for such lumber. This also affords the timbermen, who are equipped with teams, a chance to get out logs at a good figure.

For full information regarding prices, etc., address

Brown-Jenings Hardwood Co.,

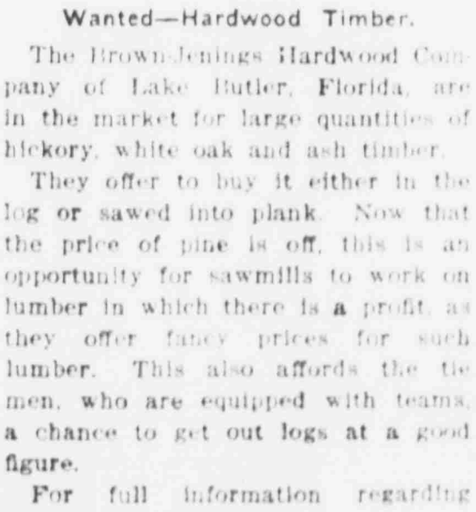
The St. Petersburg Novoe Vremya says that while war between the United States and Japan is inevitable, it will not occur till after the completion of the Panama canal. Well, it certainly is nice of the Vremya to predict such a long period of profound peace.



BRYAN AND SCRIPTURE.

Mrs. Bryan still finds amusement in reciting the difficulties Mr. Bryan encountered when he sought her father's consent to their marriage, says The November Delineator.

"Many people have remarked upon the fondness which Mr. Bryan shows for quoting Scripture," Mrs. Bryan said. "This habit is one of long standing, as the following circumstance plainly shows. When it seemed proper for William to have a little conversation with my father it was something of an ordeal, as father is rather a reserved man. In his dilemma William sought refuge in the Scriptures and began: 'Mr. Baird, I have been reading Proverbs a good deal lately, and find that Solomon says, "Whoso findeth a wife findeth a good thing, and obtaineth favor of the Lord."' Father, being something of a Bible scholar, replied: 'Yes, I believe Solomon did say that, but Paul suggests that "While he that marrieth doeth well, he that marrieth not doeth better."' Solomon would be a better authority upon this point,' he rejoined, 'because Paul was never married, while Solomon had many wives.' After this tilt the matter was satisfactorily adjusted."

The Bryans delight in farm life. They have a small place near Lincoln, Nebraska, and much of their time is spent there.

No home is so pleasant, regardless of the comforts that money will buy, as when the entire family is in perfect health. A bottle of Orino Laxative Fruit Syrup costs 50 cents. It will cure every member of the family of constipation, sick headache or stomach trouble. J. W. McCollum & Co.

BARGAINS IN REAL ESTATE

The Alachua Cuunty Abstract Co., Gainesville, Fla.

We represent non-resident owners and have to offer the following property for sale:

FIRST—1½ acres of land, with good house, within four blocks of the Court House Square in Gainesville, Florida, on good street, and in good neighborhood. Price $3,500.

SECOND—Four elegant high and dry, building lots in East Gainesville, three on King street and one on Palmetto avenue; granolithic sidewalks to within one block of all of them. Price $500 each; cash or installments, as desired by purchaser.

THIRD—About fifty good residence lots in various parts of the city at sundry prices, cash or installments. These are good propositions as investments or for building homes. Now is the time to buy before the prices advance.

FOURTH—A tract of land about 14 miles north of Gainesville, comprising over 2,000 acres of fine farming and timbered land, partly cleared and in cultivation. Fine cotton land and well watered by a lake on one side, making a suitable place for stock farm. A fine proposition for the right man. Price $4 per acre; one-fourth cash and the balance in three yearly payments with eight per cent interest.

FIFTH—Tract of cut-over land containing 20,000 acres in the western part of this county, in a solid body. Has small timber, both pine and cypress, also good indications for phosphate. This for $3 an acre. Title perfect.

SIXTH—Tract of 1,080 acres timber land on the Suwannee river. Mostly virgin pine and some cypress. Price $5 per acre. This is a good tie proposition, or suitable for small saw mill. Plenty of land adjoining that is obtainable.

Also numerous small pieces of farming and timber lands in different parts of the county, suitable for the small investor or farmer. Description and prices given upon application.

We are headquarters for bargains in good real estate propositions.

Put your money, and that of your friends, in good, safe real estate, in a growing country, such as ours and you will be secure when the crash comes. Land is the foundation of all material wealth and is bound to remain firm.

Titles to all the above propositions guaranteed.

THE GEOLOGICAL SURVEY.

As stated in the letter to Congressman Clark, published in Friday's Sun, the geological survey of Florida will be actively pushed. Prof. E. H. Sellards, State geologist, is in the city in conference with Prof. Clapp, who represents the National Survey. The conference relates to the co-operative work arranged for between the National and the State surveys. In order to hasten the work it has been agreed to divide the State into areas. Prof. Sellards, who has previously done much work in Central Florida for the National Survey and also for the State Experiment Station, will make the detailed report of this county.

The State Survey has been actively engaged in the study of underground waters during the past two months, having begun at the north line of the State and worked south. The National Survey, as stated in Friday's Sun, begins work at once. Prof. Clapp, with his assistant, will take up the work in Bradford, Baker and Duval counties. Prof. Sellards with his assistant, after completing the work in Alachua county, will continue the survey in Levy and Marion counties.

Henry E. Jones of Tampa, Fla., writes: "I can thank God for my present health, due to Foley's Kidney Cure. I tried doctors and all kinds of kidney cures, but nothing done me much good till I took Foley's Kidney Cure. Four bottles cured me, and I have no more pain in my back and shoulders. I am 62 years old, and suffered long, but thanks to Foley's Kidney Cure I am well and can walk and enjoy myself. It is a pleasure to recommend it to those needing a kidney medicine. J. W. OUR WASHINGTON NEWS LETTER

Fight Between Fish and Harriman For the Control of

ILLINOIS CENTRAL RAILROAD

Being Watched With Great Interest by the Department of Justice—Important Report by the Soil Bureau of the Department of Agriculture.

Special Correspondence The Daily Sun.

Washington, D. C., Oct. 23.—There is being much more interest taken in the Department of Justice and the Interstate Commerce Commission in the fight between Fish and Harriman for the control of the Illinois Central railroad than is usually displayed over an ordinary court case or even a railroad court case. The situation is this: Mr. Harriman, on his own behalf and in the interests of the Southern Pacific railroad, which he dominated, bought over 260,000 shares of stock in the Illinois Central, of which Mr. Fish was a director. When it suited the Harriman purpose, Mr. Fish was legislated out of office. There have been various charges and recriminations between the two parties. It is charged by the Fish adherents that Harriman interests wasted the money of the Illinois Central, and that they cut it down from its position as a competing road to a mere feeder for the Harriman system. Now that the annual election has come around again, the Fish interests have enjoined Harriman from voting the Southern Pacific block of stock. It has been held by the courts, by the President and by the Interstate Commerce Commission, that it is against public policy for a road to be able to buy controlling interest in a competing line. The natural tendency of this would be to group all roads under one management, and eliminate competition altogether. This is avowedly Mr. Harriman's aim. If the Fish interests win in the present fight for the control of the Illinois Central, it will have a far-reaching effect on a number of the large railroad systems that have bought up smaller roads and either used them as feeders or eliminated them from competition altogether. If Mr. Harriman is blocked in his scheme of railroad absorption, it will tend to break up many of the great railroad systems into small competing sections. This, theoretically, will be good for the shipper and should tend to reduce freights through competition, but it will not tend to economy of operation. If, on the other hand, Mr. Harriman wins, it will rapidly tend to place all the railroads under a single management, and this in turn is likely to bring a demand from the public for closer Governmental control, if not for actual Government ownership. However the fight comes out, it is likely to prove a turning point in the transportation development of the United States. As such, it is being watched by the Government with the greatest interest.

A report has just been issued by the soil bureau of the Department of Agriculture showing that the bureau has finished mapping and classifying about 18,500 square miles of the soil of the United States. This is four per cent of the available farming area. The work of the bureau at first sight seems rather empirical, but it has a very practical side. The soil of the different sections are studied and classified, so that it is possible to tell at a glance from the soilmap what sections of the country are available for certain crops and where new varieties can be profitably introduced. When the work is completed there will be available as complete a fertility map of the country as there is now a geological map. Along with the soil mappings, it is interesting to note that the work of the Agricultural Department with nitro-cultures is going on quietly and beneficially. There was a great deal in the papers a year and a half ago about nitro-culture and how they would increase the fertility of the soil so that carnations and cabbage could be grown on a brick pile. All this was yellow-paper exaggeration and did a good deal of harm to a legitimate branch of practical scientific work. The nitro-cultures were good for just one class of crop, the legumes, that is to say, peas, beans and all the lentils. There was a great deal of trouble in getting the culture put up in such form that they could be sent through the mails and retain their vitality. But this had been done by the use of an airtight glass tube. The bureau has sent out tens of thousands of trial cultures and received reports in thousands of cases. These all show that the cultures, when properly used, have a marked effect on the production of legume crops. Their use is being extended and there are more culture tubes being sent out this year than ever before. The cost of the whole work has not been much, and the benefit, according to the reports received, has run into the hundreds of thousands of dollars.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp Root, and the address Binghamton, N. Y., on every bottle.

Card of Thanks.

Editor Sun: Please give me space in your valuable paper to extend my sincerest thanks to the fire department for their quick response and effective work, and also to those of the citizens who so gallantly assisted me upon the occasion of the fire at my store on Wednesday, and through the efforts of whom my loss was considerably reduced. I shall always remember them kindly, and want them to know my appreciation. Respectfully, H. J. DEMPSEY.

Record of Forty Years Broken.

New York, Oct. 25.—Forty years in the case of locomotives without having caused a death was a record smashed at Passaic, N. J., when an engine driven by Joseph Ronf, of Fort Jervis, ran into a team belonging to the Mabie Pork Packing company and killed Joseph Helbich, the driver. The accident happened at the Harrison street crossing of the Erie.

Indians Attack Mexican Troops.

Mexico City, Oct. 25.—The uprising of the Maya Indians against Federal authority is growing in strength. Word was received from the village of Heto, in the Maya country, that a large force of Indians attacked a body of government troops at Noh-ce and killed Lieutenant Ramon San-Martin and seven privates.

Lest We Forget

Baby is restless, can't sleep at night, won't eat, cries spasmodically. A bottle of White's Cream Vermifuge never fails to cure. Every mother should give her baby White's Cream Vermifuge. So many times when the baby is pale and fretful, the mother does not know what to do. A bottle of this medicine would bring color to his cheeks and laughter to his eyes. Give it a trial. Sold by W. EXCITING FOOTBALL GAME.

Two Teams of High School Met on Local Gridiron Friday.

Teams A and B of the Gainesville Graded and High School met in contest for superiority Friday afternoon, and for a while there was an exciting time between the players and those of their friends who had congregated to encourage either side, both of which had their enthusiastic friends.

Notwithstanding that the teams are yet young in practice, both showed remarkable skill, and the chances are that they will put up a fine and scientific game before the end of the season.

The lineup of the teams was as follows:

Team A	Position	Team B.
Chestnut	Center	Mershon.
Butler	Right guard	Bowers.
Padgett	Left guard	Taylor, W.
Higginbotham	Right tackle	Jernigan.
Mixson, T.	Left tackle	Cannon, L.
Mixson, S.	Right end	Cannon, T.
Thompson	Left end	Williams.
Douglass	Quarterback	McCormick.
Dempsey	Right half-back	Taylor, G.
Harper	Left half-back	Taylor, E.
Padgett, C.	Full-back	Means.

The victory fell to the honor of team B the score being 5 to 0.

THE REBEKAH RECEPTION.

Three Bridal Couples Were Tendered a Reception Thursday Night.

There was a happy termination of the meeting of Colfax Rebekah Lodge No. 2 I. O. O. F., Thursday evening, the occasion being an informal reception tendered three bridal couples, Mr. and Mrs. L. M. McCormick, Mr. and Mrs. Edward Weston, and Mr. and Mrs. Roy E. Huffman.

This was not a part of the meeting, but proved the interesting feature of the meeting. At the closing of the lodge the members informally tendered the reception.

The occasion was passed in a most enjoyable manner, the program comprising music and refreshments of delicious ice cream and cake.

A feature of the occasion was the presentation by Miss Gertrude Cushman on behalf of the lodge of a handsome bouquet of roses to each of the brides. In all, the affair, which was attended by about forty, was one which will long be remembered.

Will Go on Hunt.

From Friday's Daily Sun:

Steve Cullen of Hague and J. A. Williams and Dr. J. L. Cloud of Alachua are preparing for a big hunt. They expect to leave in a day or two for the wilds of Lafayette county in search of big game, and The Sun may have something to report when they return.

Mr. Cullen holds the record as the champion bear and deer hunter of this section of the State, and could give President Roosevelt a few pointers.

Alleged to Have Endeavored to Cash a Check Which Was Not His.

Upon a charge alleging an attempt to obtain money under false pretense, Joe Turnipseed, colored, was arrested by Deputy Sheriff J. B. Kennard at Earleton Thursday night and brought to this city Friday, where he is now in jail.

From information received, it appears that Turnipseed endeavored to secure money on a check which belonged to another party. This check was presented to the First National Bank of this city, but the man failed to realize on the same, after which he left the city and was traced to Earleton.

PERSONAL AND SOCIAL ITEMS

What Has Happened and What Is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.

From Friday's Daily Sun.

Mrs. Chas Eddy of Orange Heights spent yesterday shopping in Gainesville.

J. T. Fleming of Archer was transacting business in Gainesville yesterday.

W. J. Knight and C. Kean of Newberry were visitors to the county capital yesterday.

Mr. and Mrs. F. B. Hester of Evinston were among those who favored Gainesville with a visit yesterday.

Mrs. M. A. Chapman is at home again, after a delightful visit for the past few months in Washington and other points.

James N. Vanlandingham, a well-known and successful planter of the Monteocha section, was trading in the city yesterday.

Wanted—Five car loads of sugar cane average five and one-half feet length. Will pay $14 per thousand f. o. b. cars. W. Z. Chappell, Gainesville, Fla.

J. A. Maultsby, the brick manufacturer of Campville, who is also interested in the mercantile business here was a business visitor to Gainesville yesterday.

Mrs. Grace Conway and son, who have been in this section and city for several years, left yesterday for Chicago, where they will in future make their home.

W. A. Strickland of Paradise has sold to Saunders & Earle two barrels of fine new syrup, strictly first-class, which is now offered for sale in any quantity desired.

The stork visited the home of Mr. and Mrs. S. O. Weaver, East Church street, yesterday afternoon, leaving a fine ten-pound boy. Friends are extending congratulations.

Clarence Harrod of Archer passed through the city Wednesday en route to the Jamestown Exposition and other points in Virginia, where he expects to spend the next three weeks.

Harry Tench, agent of the Atlantic Coast Line, and E. B. Turner, cashier of the Dutton Bank, have gone to Atlanta, Ga., where they were summoned as witnesses in the Fulton Superior Court.

Misses McCredie, Minnie Snavely and Elsie Smith formed a trio of popular young ladies of Archer who spent yesterday in this city. Miss Snavely is the efficient postmastress of that town.

Mrs. J. H. Alderman and nephew, Harry Seigler, of Waldo, have gone to Washington Springs for a few days. The latter has just recovered from a severe illness, and friends hope the change will prove of benefit to him.

Mr. Larson, senior member of the firm of the Gainesville Foundry and Machine Works, has returned from a three months' visit to his aged parents in Copenhagen, Denmark. This is Mr. Larson's first visit to his old home in several years.

Mr. Rinker of Tacoma, manager of the Graham orange grove, was in the city yesterday. Mr. Rinker has a quantity of grape fruit to spare which he readily disposed of at the market price. It was as fine as was grown in this section.

Mrs. Phifer and baby of Archer have returned home, after visiting relatives in this city. Mr. Phifer, who for some time was one of the efficient salesmen at the Racket, is now engaged in the mercantile business in Alachua.

Mrs. Sadler left yesterday for Archer, having been summoned to that place on account of the illness of her daughter Miss Belle, who is a student at the college there. It is hoped that she will find the condition of the patient much improved.

Mrs. J. J. Burton, for many years residents of this city, where they have many friends, more recently of Tampa, have moved to Jacksonville. Those who have been in correspondence with Mr. and Mrs. Burton will regret to learn that both have been in very poor health since leaving here.

W. D. Holder, a well-known and successful farmer of Santa Fe, was in the city yesterday. Mr. Holder is erecting a fine eight-room, two-story home, and came to purchase some material for same. It will be one of the nicest homes in that section when completed.

Dr. A. E. Conter of Micanopy was in the city yesterday. He was en route to Bronson, where he had been called on business. Dr. Conter is recently from Apalachicola, where he has resided for the past two years. He is well pleased with this section of the State, and will continue to make his home in Micanopy.

R. L. Reese of Kirkwood was in the city for a short time Wednesday, a guest of The Commercial. Mr. Reese has been suffering for some time with muscular rheumatism, and was en route home from White Springs, where he has been for the past two or three weeks. Friends will regret to learn that his condition is little improved.

Miss Pattie Dempsey, the popular book-keeper at the office of the Gainesville Gas and Electric Power Company, left Wednesday on her annual vacation for Winchester, Ky., where she will visit relatives and friends. During her absence her position will be filled by Miss Edith Dempsey. Miss Pattie's numerous Gainesville friends wish her a pleasant and beneficial sojourn.

Some party or parties on Wednesday night entered the fine garden of C. W. Chase, helping themselves to all the crisp vegetables they could lug away—and Gardner Fay, who takes great pride in the place, feels bad about it. Mr. Fay declares the party must have had a wagon, or some other kind of a conveyance, for they certainly did make a big "hole" in that garden.

Mr. and Mrs. E. M. Baird have returned from Homerville, Ga., where they have been for the past week. They were summoned on rather a sad mission, Mrs. Baird's father, S. R. Smith, having expired very suddenly of heart disease on Wednesday, the 16th inst., when she was notified. Deceased was fifty-two years of age, and leaves a wife and four children. Mrs. Baird's friends sympathize with her deeply in her bereavement.

From Saturday's Daily Sun.

J. S. Neel of Evinston was trading in the city yesterday.

O. W. Maines of Monteocha was trading in the city yesterday.

Chas. M. McKinney of Graham was trading in the city yesterday.

Miss Boddie of Johnston, S. C., spent yesterday in this city, a guest of Miss Eva Bauknight.

Mrs. F. G. Bauknight of Archer is in the city on a visit to Mr. and Mrs. J. P. Bauknight.

Miss Janie Smith of Wacahoota, after a pleasant visit to relatives and friends here, has returned to her home.

Master James, the bright young son of Perry G. Ramsey of Wacahoota, is in the city on a brief visit to friends.

W. T. Jackson, who owns a handsome and profitable orange grove on Wauburg Lake, is in the city on business.

The home of Mrs. Sue Vidal, corner of West Main and Church streets, has recently been improved by repairs, additions, etc.

Friends of H. F. Spence will regret to learn that he has been confined to his home for the past two or three days with fever.

Mrs. Bolin Hall, an estimable lady of Graham, was in the city yesterday. She came for the purpose of arranging her papers for pension.

W. E. Waits, Mrs. T. J. Hammond and Misses Fannie Moore and Ethel Waits, all of Hawthorn, favored Gainesville with a visit yesterday.

Mrs. H. L. Bennett has returned from Orange Heights, where she has been on a visit to her sister, Mrs. J. A. King, for the past two or three days.

The residences of W. L. Hill and H. E. Taylor, East Church and East Seminary streets, are being materially improved in appearance by a liberal application of paint.

Friends of Captain L. E. Barker are glad to see him out again, after an illness of several weeks. The Captain is by no means well, but his condition is greatly improved.

Subscribers on rural free delivery routes can send in their subscriptions by the mail carriers. Persons who desire The Sun on such routes can also send money by the carriers.

Mr. and Mrs. Fobbs of Douglass, Ga., are in the city on a visit to Mr. and Mrs. L. P. Larson, and will be here for several days. Mr. Foobs is a prominent hardware merchant of Douglass.

Miss Schmidt of Frankfort, Germany, has arrived in the city and will remain here for the winter as a guest of her brother, Dr. Karl Schmidt. This is her first visit to America, and she is charmed.

The home of County Treasurer R. B. Peeler, South Gainesville, has recently undergone a thorough overhauling and repair, among the most important of the improvements being the addition of three rooms.

Miss Hattie Dennis and mother are now in New York, guests of the Hotel St. George, where they will remain until early in November. During most of the time of their absence they have been at Ruxbury, Mass.

Attention is called to the advertisement of the Baird Hardware Company, which appears in this issue. This enterprising firm suggests the approach of the hunting season, which will open on November 1, and offers a line of standard guns to sportsmen at right prices.

E. H. Rainey and family have arrived in the city from Charleston, W. Va., and will make their future home here. They are pleasantly located at 508 N. Factory street. Mr. Rainey comes for the benefit of his health, and it is hoped the change will give the desired result. Himself and family are well pleased here.

Dr. E. C. Smith, Arthur Boring and M. W. Hogan of Waldo were in the city Thursday night. Dr. Smith, who is a good fellow, had to undergo the ordeals of his degree in the Elks, and Messrs. Boring and Hogan came down to protect (?) him from the trials through which they knew he would be compelled to pass.

Deputy Sheriff J. Lee Stokes of Micanopy was in the city on official business yesterday, having brought O. Lancaster, white, whom he arrested near Tacoma upon instructions from the authorities at DeSoto county. The charge is the larceny of a domestic animal. The defendant is now in jail, and an officer is expected from Arcadia to take him away today.

Conductor Gus A. Bousman of the Atlantic Coast Line, who makes his headquarters in High Springs, was in the city yesterday. Mr. Bousman, who resided here for several years, and at one time was night officer, has worked himself faithfully into a good position with his present employers. He has just returned from his annual vacation trip, going as far West as Oklahoma.

Attorney Frank Clark of this city and Thos. W. Fielding of Starke, who have recently formed a partnership for the practice of their profession in this city, have opened their new offices in the Gainesville National Bank building, which are among the neatest and most modern in this section of the State. Friends of Col. Fielding are delighted to welcome him as a citizen, as he is a young man of exceptional professional ability, clever in manner, and will be a credit to Gainesville as a resident.

From Sunday's Daily Sun:

Rees Ormand of Hawthorn was trading in the city yesterday.

D. W. L. Barton of Rocky Point was trading in the city yesterday.

J. W. Brown of Lake Butler was a business visitor to Gainesville yesterday.

Mr. and Mrs. W. H. Powell and five children were in the city from Archer yesterday.

Don't fail to ask for your rebate tickets at Tallant's store, next to express office.

Frank and Oliver Roux of Floral City are visiting their brother, L. T. Roux, on West Liberty.

L. P. Tillman of Campville was among those who spent yesterday in Gainesville on business.

G. H. Zetrouer of Rochelle was in the city yesterday and renewed his subscription to The Sun.
